

Mushroom Research Vol.10 (2) 2001

SN	Title	Authors
1.	Obtaining and selecting highly productive strains of <i>Pleurotus pulmonarius</i> under warm environmental conditions	D Salmones and Z Duran-Barradas
2	Effect of cryoprotectants on preservation of mycelial cultures of edible mushrooms	SK Singh, RC Upadhyay and RN Verma
3	Yield of <i>Pleurotus</i> and <i>Agaricus</i> on mycorrhiza-inoculated castor and mulberry biomass	Satyawati Sharma, Suman Kashyap, Anshu Singh, PN Chaudhry and Padma Vasudevan
4	Effect of growth stimulating chemicals and metal ions on yield and quality of <i>Agaricus bisporus</i>	PK Khanna, S Kapoor, PP Johl and HS Sodhi
5	<i>In vitro</i> control of cobweb (<i>Dactylium dendroides</i>) disease of <i>Agaricus bisporus</i>	Gurpreet Kaur and HS Sodhi
6	Economic feasibility of mushroom farming in Haryana	Parminder Singh, UK Pandey and KS Suhag
7	Production of extracellular lignocellulolytic enzymes by <i>Morchella esculenta</i>	SK Singh, RD Rai, AK Rai and RN Verma
8	Preparation and storage of mushroom curry in retort pouches	V Chandrasekar, RD Rai, TK Srinivasa Gopal and RN Verma
9	<i>Russula rhodomelanea</i> Sarnari- a new record for India	Kanad Das and JR Sharma
10	Management of fungal and bacterial contaminations of oyster mushroom spawn	N Mazumder and Y Rathaiah
11	Effect of spent mushroom (<i>Agaricus bisporus</i>) compost on yield of hybrid maize	MC Yadav, SK Singh, RN Verma and B Vijay
12	Studies on seasonal abundance of mushroom pests	Satish Kumar and SR Sharma
13	Seasonal growing of the button mushroom – a case study	Nasib Singh, SP Goyal and Meena
