

Mushroom Research Vol.13 (1) 2004

| SN | Title | Authors |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------|
| 1 | Taxonomic studies on light spored agarics new to India | RC Upadhyay and Amanjeet Kaur |
| 2 | Laccase polymorphism in <i>Agaricus bitorquis</i> strains | MC Yadav, S Kamal, S Mahfooz, SK Singh, RC Upadhyay and RD Rai |
| 3 | Comparative evaluation of compost depth and density in polybag and wooden tray cultivation of white button mushroom | Anil Gupta, PK Raina and ML Tikoo |
| 4 | Development of low-spored strains of oyster mushroom <i>Pleurotus florida</i> through di-mon mating | Meera Pandey and RP Tewari |
| 5 | <i>In vitro</i> and <i>in vivo</i> antioxidant potential of <i>Pleurotus florida</i> in experimental animals | Manpreet K, Giridhar Soni, PK Khanna |
| 6 | Rapid cellulose degradation by <i>Pleurotus</i> supplemented with cell crude extract | PS Vijayakumar and P Subaramanian |
| 7 | Evaluation of different substrates for the cultivation of paddy straw mushroom <i>Volvariella volvacea</i> | R Pramod, B Balakrishnan and Lulu Das |
| 8 | Suitability of organic supplements in paddy straw and cotton waste compost for production of <i>Volvariella volvacea</i> | Kamaljeet Kaur, S Kapoor and RP Phutela |
| 9 | Studies on drying characteristics and effect of pretreatments on the quality of sun-dried oyster mushroom, <i>Pleurotus florida</i> | T Arumuganathan, Anil Kumar Hemkar and RD Rai |
| 10 | Factors constraining mushroom production in Haryana | Parminder Singh, UK Pandey, KS Suhag and Ajay Singh |
| 11 | <i>Lasioderma serricorne</i> Fabricius – a new pest of dried mushrooms | Satish Kumar, SR Sharma, VP Sharma and Y Gautam |
