

## Mushroom Research Vol.15 (1)2006

SN	Title	Authors
1	Additions to leucocoprinoid fungi from Western ghats of Kerala	S Deepa, KB Vrinda and CK Pradeep
2	<i>Amanita avellaneasquamosa</i> – a new record for India	KC Semwal, RP Bhatt and RC Upadhyay
3	Cytology of hyphal interactions in ascospore cultures of <i>Morchella esculenta</i>	SK Singh, Mugdha Tiwari, Shwet Kamal, MC Yadav and Surendra Singh
4	Strain improvement in oyster mushroom ( <i>Pleurotus sajor-caju</i> ) through mutation breeding	V Chandra Sekhar and Surjeet Singh
5	Indoor composting for button mushroom cultivation	B Vijay
6	Physico-chemical properties of different casing mixtures and its effect on yield of <i>Agaricus bisporus</i>	Pratibha Bhatt, KPS Kushwaha and RP Singh
7	Yield performance of <i>Calocybe indica</i> on various substrates and supplements	Gayatri Tandon and VP Sharma
8	Evaluation of different casing materials for <i>Calocybe indica</i> cultivation	Gayatri Tandon, VP Sharma and CL Jandaik
9	Cellulase activities in different <i>Pleurotus</i> species under solid state fermentation of barley straw based substrate	Madhurendra, N Prasad and SG Sharma
10	Biology of phorid fly, <i>Megaselia agarici</i> on button mushroom <i>Agaricus bisporus</i>	KK Mrig, A Aggarwal, S Singh and JP Bhanot
11	Effect of some insecticides on mycelial growth and yield of <i>Agaricus bisporus</i> and their persistence in fruiting bodies	Priya Katyal, PK Khanna, Gaganjot Kaur, Balwinder Singh and S Kapoor
12	Symptomatology and management of cobweb disease of oyster mushroom	VP Sharma, Satish Kumar and Ranjna Kumari
13	Hot-air oven drying characteristics of button mushroom – safe drying temperature	CK Lidhoo and YC Agrawal
