

Mushroom Research Vol.2 (1) 1993

SN	Title	Authors
1	The Himalayan Agaricales – status of systematics	TN Lakhanpal
2	Conservation of mushroom resources in India	TN Kaul
3	Methoprene for the control of <i>Lycoriella auripila</i> sciarid infestation of the cultivated mushroom <i>Agaricus bisporus</i>	Albert Eicker and Elizma Ludick
4	Spawned casing for increased mushroom yield in <i>Agaricus bisporus</i> under seasonal growing conditions in India	Yash Gupta and BL Dhar
5	Quality and shelf life comparison between off-white and white hybrids (U1 and U3) of <i>Agaricus bisporus</i>	SO Ajlouni, RB Beelman, DB Thompson and J-L Mau
6	Cultivation of <i>Pleurotus</i> on water hyacinth and determination of the heavy metals in Mexico	R De Leon Chocooj, C Soto-Velazco, L Guzman-Davalos and G Guzman
7	Monosporous isolates and their intermating in <i>Pleurotus sapidus</i> and <i>Pleurotus sajor-caju</i>	Kiran Thakur and Manjit S Bhandal
8	Yellow blotch of <i>Pleurotus sajor-caju</i> (Fr.)Singer – a bacterial disease new to India	CL Jandaik, VP Sharma and Rajeev Raina
9	Extracellular cellulase and laccase activity of the fungi associated with <i>Pleurotus sajor-caju</i> culture	RD Rai, B Vijay and S Saxena
10	Dot-enzyme immunoassay: a diagnostic test for <i>Pleurotus</i> spore allergy	Dev Mittar, PK Khanna, Swarnjit Singh and AS Grewal
11	Records and Reports
