

Mushroom Research Vol. 4 (1) 1995

SN	Title	Author
1	New Agarics from South India	A.Vijaya Joseph, TK Abraham, KB Vrinda and CK Pradeep
2	Taxonomic studies on the North Indian agarics – the genus <i>Termitomyces</i> Heim.	NS Atri, SS Saini and Gurjit Kaur
3	Effect of nutrient elements, vitamins and growth regulators on the vegetative growth of <i>Lentinus edodes</i>	Maninder Jeet Kaur and TN Lakhanpal
4	Effect of supplementation of <i>Pleurotus</i> treated paddy straw on its nutritive value and cumulative mushroom yield	S Dhanda, HS Garcha, VK Kakkar and GS Makkar
5	Utilization of whey for the manufacture of ready-to-serve mushroom soup	Subhajit Ghosh and Sudhir Singh
6	Solar drying characteristics of oyster mushroom	C.Nehru, VJF Kumar, C Uma Maheswari and L Gothandapani
7	Yield responses of <i>Agaricus bisporus</i> and <i>Pleurotus sajor-caju</i> to the chemical treatments of the substrates	K Chitale and RD Singh
8	Cultivation of <i>Pleurotus sajor-caju</i> (Fr.) Singer on agro-industrial wastes	MS Sangwan and LC Saini
9	Utilisation of sugarcane trash (dried leaves) for production of oyster mushroom, <i>Pleurotus florida</i>	AK Singh, SK Awasthi and Bharat Rai
10	Effect of hormones on the production of Shiitake <i>Lentinus edodes</i> (Berk.) Sing.	AN Shukla
