

Mushroom Research Vol.5 (1) 1996

SN	Title	Author
1	Strategies for strain improvement in <i>Pleurotus</i> species	M Kapoor, HS Sodhi and S.Dhanda
2	Taxonomic studies on the North Indian Agarics – The Genus <i>Lepiota</i> (Pers. ex Fr.) Gray	NS Atri, SS Saini and Gurjit Kaur
3	Three species of agarics from Patiala	NS Atri, SS Saini and Gurjit Kaur
4	An experimental study on mycelial development periods of some <i>Pleurotus</i> species	Abdunnasir Yildiz, A.Selcuk Ertekin
5	Biochemical changes during solid substrate fermentation of water hyacinth with <i>Pleurotus sajor-caju</i>	SG Sharma, Mahnaz Fatma and VM Singh
6	Improvement in quality and shelf life of white button mushroom (<i>Agaricus bisporus</i>) by addition of calcium chloride in irrigation water	OP Ahlawat and RD Rai
7	Preservation technology for mushroom, <i>Volvariella volvacea</i>	A Singh GP Keshvani and OP Gupta
8	Nutritional evaluation of <i>Pleurotus florida</i>	Manju Bajaj, S Vadhera, GL Soni and PK Khanna
9	Proximate analysis of Iraqi truffles	MT Al-Kaisey, HA Hadwan, HA Abeed, EJ Taher and BL Dhar
10	Entry of Hexachlorocyclohexane Residues in mushroom from Substrates	Debi Sharma, MD Awasthi and RP Tewari
11	Persistence of endosulfan and dichlorvos white button mushroom, <i>Agaricus bisporus</i>	A Nath, VP Sharma and SK Patyal
12	Diflubendzuron residues in mushrooms grown in treated compost or casing under sub-tropical conditions of Punjab, India	PK arora, RP Singh and GS Sandhu
