

Mushroom Research Vol.6 (1) 1997

| SN | Title | Authors |
|----|--|--|
| 1 | Studies on genus <i>Russula</i> Pers.from western Himalayas | NS Atri, SS Saini and MK Saini |
| 2 | Agaricales from Western Ghats-V | KB Vrinda, CK Pradeep, Sibi Mathew and TK Abraham |
| 3 | Edible fungi of Garhwal-Himalayas | RM Sharda, SC Kaushal and GS Negi |
| 4 | Management of bacterial contamination of spawn by physico-chemical methods | OP Ahlawat, RD Rai and RN Verma |
| 5 | An alternative spawn for use in rural cultivation of oyster mushroom (<i>Pleurotus</i> spp.) | Yolisa Pakela and Albert Eicker |
| 6 | A low cost method for decontaminating sunflower seed hull-based substrate in the cultivation of <i>Pleurotus</i> edible mushrooms | NR Curvetto, SE Delmastro and RJ Devalis |
| 7 | Yield performance of <i>Calocybe indica</i> (P & C) on different substrates | AS Krishnamoorthy and M Muthusamy |
| 8 | Host-parasite relationship of <i>Agaricus bisporus</i> and <i>Cladobotryum dendroides</i> | GM Dar |
| 9 | Utilization of some phyto-extracts for control of <i>Sclerotium rolfsii</i> during paddy straw mushroom (<i>Volvariella volvacea</i>) cultivation – a new approach | BK Pani and AK Patra |
| 10 | Effect of Diflubendzuron on mycelial growth and yield of <i>Agaricus bisporus</i> (Lange) Sing | PK Arora, GS Sandhu and Nirmaljit Kaur |
| 11 | Studies on growth of <i>Volvariella diplasia</i> | R Kalra, RP Phutela and HS Sodhi |
| 12 | Some edible fungal flora of Assam – new records | MK Kalitha, KN Bhagabati and Y Rathaiah |
