

**Mushroom Research Vol.7 (2) 1998**

SN	Title	Authors
1	The genus <i>Volvariella</i> in Kerala state, India	CK Pradeep, KB Vrinda, Sibi Mathew and TK Abraham
2	Microbial dynamics and its influence in cultivation cycle of <i>Agaricus bisporus</i> (Lange) Imbach	Rajni, Shika Rastogi, BN Johri and RP Singh
3	Influence of spray and washing treatments with EDTA and sodium citrate on quality and shelf-life of the button mushroom, <i>Agaricus bisporus</i>	OP Ahlawat, RD Rai and RN Verma
4	Suitability of straw of different paddy varieties and new method of mushroom bed preparation for cultivation of the oyster mushroom, <i>Pleurotus eous</i>	E Eswaran, S Usharani and K Ramanujam
5	Yield performance of <i>Pleurotus sajor-caju</i> on some selected substrates in North-Eastern region of India	Satish Chandra, AK Singh, MN Bhat and Sangit Kumar
6	Degradative potential of Oyster mushroom ( <i>Pleurotus</i> spp.)	D Geetha and K Sivaprakasam
7	Oyster mushroom : a survey report	SC Kaushal and Urmila Rawat
8	Effect of mulching on sporophore yield in <i>Pleurotus tuber-regium</i> (Fr.)Sing.	JA Okhuoya OS Isikhuemehn, E Ogoe and OO Osemwegie
9	Record of new mite fauna associated with mushrooms	Satish Kumar and SR Sharma
10	Utilization of some common weeds for the cultivation of mushrooms	Packia Justin, S Jacob and TK Abraham
11	Comparative suitability of different varieties of banana pseudo-stem for production of <i>Pleurotus sajor-caju</i> (Fr.) Singer.W	M Suharban, D Geetha, KH Nair & Babu Mathew
